
ETRUSCAN HERITAGE

1 or 2 days to discover the Etruscan culture, between Shadows and Necropolises

1-day trip

The journey begins in Colle di Val d'Elsa, with the artifacts from the Calisna Sepu tomb at the Bandinelli Museum, before continuing to Abbadia a Isola and arriving in Volterra, the ancient Velathri. There, visitors can explore the monumental Porta all'Arco, the temples of the Acropolis, and the masterpieces of the Guarnacci Museum, including the famous Ombra della Sera (Shadow of the Evening) statuette.

Ideal for school groups, this itinerary offers a unique opportunity to understand life twenty-five centuries ago, the remarkably modern role of Etruscan women, and a heritage that continues to shape the Tuscan landscape to this day.
